4. Executive Director Updates

a). Five-Year Planning Update

Squilla will be introducing this legislation before they break for the summer.

1). Status of inclusion of Delaware Avenue;

Had been working with DRWC to negotiate services and agreements to include Delaware Ave in the BID. DRWC still wants to do a special services district eventually. We were working on finalizing the plan, but they did not want to wait another 5 years, and the only way we could do it for a shorter period would be to force a premature reauthorization of our BID when we are ready to let Delaware Ave go. We are still intending to work with DRWC more actively to promote our connections to the river.

EI - Can you resend BID reauthorization plan and data sheet?

2). Budget Breakdown for next 5 years

Changes to Bylaws:

- Registered Address of Organization

- "Also known as Fishtown District"

Boundaries changes: expanding on Front St to include 1800, 1900, 2000 blocks  
Meet NLBID on North Side of Girard Ave to Hyperion

Bianca: Noticed an uptick in folks coming into the store causing an issue.

b). Street Cleaning Update

- 1). Renewal of annual City (TCB) Funding (\$81,000.00);

Denis announced we are all renewed for next year.

- 2). Increase of hours and cleaning days;

Mayor's office is releasing more funding for corridor Cleaning specifically for more hours and corridor adjacent blocks. Goal will be to expand community corp to add more people and more equipment. Our thought is to reup RWA for one more year as we staff up our community corp and add additional equipment with the idea to transition to corp.

- 3). Addition of corridor-adjacent blocks;

4). Citywide Cleaning Program: 13 week schedule---100 workers---Fishtown week of June 24, 2024;
